Professional Summary

Driven software engineer with a robust background in C# programming and a keen eye for problem-solving. Possessing a deep commitment to continuous learning and professional growth, solid track record of rapidly mastering new technologies. As an adaptable professional, I've honed my skills in various roles, consistently meeting diverse company and customer requirements. Currently seeking my next opportunity to further contribute to a dynamic team and bring innovative solutions to the forefront of the tech industry.

Experience

Full Stack Software Engineer at Cambium (2021 – 2023)

- Developed custom camera driver, using Canon SDK
